

RAID

RAPID ACCESS INVENTORY DEPOT

- Positronic Industries has provided connector solutions worldwide since 1966.
- Visit www.connectpositronic.com to learn more about Positronic Industries.

Since 1987, Positronic Industries has maintained an in-house finished stock inventory on thousands of connectors and connector accessories. RAID (Rapid Access Inventory Depot) has been satisfying our customers' immediate connector needs since that time.

Positronic Industries currently operates three RAID warehouses worldwide:

- Springfield, Missouri, USA
- Auch, France
- Singapore

This global positioning allows us to make quick delivery shipments to customers all over the world.

In addition to maintaining stock on standard connectors and accessories, RAID has the capability to assemble numerous different connector variants in a short period of time. With this special service, Positronic Industries provides rapid customer delivery on many non-standard connector products.

As an additional service, Positronic Industries can establish stocking agreements with qualified customers resulting in finished stock inventory being stored in RAID warehouses. These agreements are based on Estimated Annual Usage (EAU) quantities and are especially useful to those customers who use non-standard products.

In addition to these services, RAID offers same day shipping for in stock items (special conditions may apply) and priority overnight shipping per customer request.

Please call our Sales Department for price and delivery information:

POWER

- Hot plug capability
- Superior blind mating
- Sequential mating options
- Integral locking system
- Current ratings to 100 amperes
- Variety of termination styles
- Multiple package sizes
- Many contact variants
- Recessed female contacts for safety

SUBMINIATURE-D

- Six package sizes
- Standard and high density
- Power, signal, and shielded contacts
- Variety of termination styles
- Variety of performance levels including Goddard, M24308 and IEC 807-2 and 807-3 Performance Level I and II
- Environmental versions available
- Thermocouple contacts available
- Wide array of accessories

RECTANGULAR

- Contact sizes 16, 20, and 22
- Many package sizes
- Standard and high density
- Termination styles: crimp, solder, straight and right angle board mount
- Two performance levels including M28748
- V.35 Compliant
- Wide variety of options and accessories
- IEC Publication 807-1 and 807-7
- M28748 connectors

CIRCULAR

- Hot plug capability
- Composite materials
- Water and dust ingress protection to IP67
- EMI / RFI shielding
- Three package sizes
- Variety of contact variants
- Termination styles: crimp, straight and right angle board mount
- Rear insertion, front release contacts
- Thermocouple contacts available

CONNECTORS IN ASSEMBLIES

- Cable assemblies
- Access / Junction boxes compliant to SAE J2496
- Hermetic connector assemblies
- Overmolded assemblies
