

Product Change Notification

Positronic will deem this change accepted unless specific conditions of acceptance are provided in writing within 30 days from the date of this notice.

PCN Number	PCN-10602
PCN Title	Replacing Legacy Female Contact Pressure Member with Posiband Pressure Member
Notification Date	27 April 2022
Implementation Date	Immediate
Part Description	FC420N6, FC420N6/AA
Affected Part Number(s)	See attached list
Change Description	End of life of selective product utilizing the legacy pressure member and replacing them with Posiband® alternatives.
Reason for Change	The PosiBand® design is used in many Positronic products and has been proven to be a reliable retention system and is mechanically superior to the legacy design. Moving to the PosiBand® is part of our Business Continuity Plan (BCP) initiative and to improve product line sustainability.
Performance Impact	None
Qualification Data	None, the PosiBand® is used on many qualified military and space products.

* The implementation date is the projected date that customers may begin to receive changed product. Based on the rate of inventory depletion of current product, the implementation date may be later, but not earlier, than the stated date. Although customers should be prepared to receive changed product on this date, Positronic may continue shipping current product until a time in which the inventory has been depleted. This would result in current product being shipped to customers after the stated implementation date.
